

Creating a Class on Google Classroom

On the Glow Launch Pad select Google Classroom

This is the Google Classroom homepage and you can see your Classes here and create a new class with the '+' button WITH THE + BUTTON

When you create a new class, you need to name it and can also add other information

A screenshot of the 'Create class' form. It has fields for 'Class name (required)' (filled with 'George's Class'), 'Section', 'Subject', and 'Room'. There are 'Cancel' and 'Create' buttons at the bottom.

You can use this box to send a message to your class and can add files and resources too
